

Synthetic Résumé

Lorenzo Lampariello is Associate Professor at the Department of Business Studies, Roma Tre University, Rome, Italy. He received his M.Sc. degree in Electrical Engineering and his Ph.D. degree in System Engineering from Sapienza, University of Rome, Italy. His research interests lie in the areas of multi-agent and multi-objective optimization, and nonlinear programming. In particular, his work focuses on equilibrium problems, variational inequalities, bilevel programming and nonsmooth nonconvex optimization, with an emphasis on devising distributed algorithms and on applications in finance, economics and networking.
